Dear Ms. Sinram,

In response to your letter dated July 13, 2015 The PAC (Political Action Committee) Titled Stop Chris Christie Pac was established before any candidate named Chris Christie officially entered the race for public office. Your assessment that our committee titled Stop Chris Christie is NOT an authorized committee of a candidate named Chris Christie, is correct.

We recognize that you are simply doing your job by the letter of the law, but we believe that the spirit of the law is being overlooked.

According to the Oxford dictionary the word stop [stp] is a verb meaning: 1. (of an event, action, or process) come to an end. Or cease to happen. 2. cause (an action, process or event) to come to an end. 3. block or close up (a hole or leak).

With this in mind, you have made a valid assumption that Stop Chris Christie PAC is not authorized by the Chris Christie campaign since its whole intent is to cause the Chris Christie campaign to come to an end.

Having clarified our intent when we established the Stop Chris Christie PAC, the point is rather moot, since we have every intention of stopping our PAC and closing within the next 30 days (on or before September 25, 2015). Our decision to cease and desist as a PAC is not due to your letter, but instead is based on recent polling and the miserable showing of the candidate in question (namely Chris Christie). Our committee believes that Mr. Christie has already performed the service of stopping his campaign in spirit, (without our aid) even if not by the letter of the law. Therefore, we intend to stop (cause to come to an end) the Stop Chris Christie PAC within the next 30 days.

We will simply need a little time to shut down the website, communicate with vendors and obtain closing invoices from those vendors involved in helping to establish the committee. The committee itself has already begun ceasing its activity, so no further action on your part will be necessary.

Sincerely,

Tom Bjorklund
Treasurer Stop Chris Chrisite PAC
